DEDICATION

Mr. and Mrs. Westbrook have been at Lakeview since its opening in 1957. They have both played an important role in the development of Lakeview and Lakeview's famous school spirit.

As head of the Commercial department, Mr. Westbrook has helped many commercial students to get started in the business world. His wise advice and guidance have proved invaluable. All his students will be forever grateful to him.

Mrs. Westbrook has been head of the English department since 1958. All students, particularly the seniors, appreciate her sense of humour, her patience and her friendliness. We can truly say she is a devoted teacher, one whose presence we will certainly miss when we leave Lakeview to step out into whatever reward the future holds for us.

With deep respect and gratitude, we dedicate the Lion's Roar to Mr. and Mrs. Westbrook for their unfailing interest and support in the growth and development of Lakeview High School.

PRINCIPAL'S MESSAGE

A high school student body like an individual assumes a pattern of characteristics unique to itself, the sum total of which comprises its reputation. These characteristics, if they be of the right kind, can gain for the group a name in the community which will win the admiration of their elders and be the envy of their fellows. We say in our song, "We know we belong to the best, let the others belong to the rest". If we are to make this claim we should be able to justify so doing by depicting those traits that are deemed desirable. What are they? Loyalty, dependability, enthusiasm, sincerity, school spirit, humility in success, determination in failure, willingness to participate, truthfulness-to name a few.

Let each take time to do a little soul searching and ask ourselves, "What am I doing to enhance Lakeview's reputation"? I sincerely hope for your sake and Lakeview's that your answer, whatever it may be, is in the affirmative as I know it will be for those many students and teachers who have laboured hard and long in the production of this issue of "The Lion's Roar".

W. B. Sime, B. A., Principal.

PRESIDENT'S MESSAGE

I consider it a great honour, being able to convey a message to the students of Lakeview through our Yearbook, The Lion's Roar for 1963.

You, the students, have elected me your president of the Lakeview Students' Administrative Council. In return, I had promised many things to you which were requested; also, I had stated that I would help to raise our colours of blue and white to the top.

Throughout this school year, I sincerely hope that I have justified your choice in bestowing on me such a great honour, and that in your eyes, I have fulfilled the responsibilities of my position with an honest attitude. I should also like to express to the grades nine, ten, and eleven students, who are our future seniors, the best wishes on behalf of myself and the members of your Students' Council. May you carry on the proud name of Lakeview in a manner now worthy of its traditions.

In closing, I would like to express my deep gratitude to Mr. Sime, the members of the faculty, and students. May you all have the best in every walk of life. To our seniors of tomorrow, make your school proud of you by setting as your goal, a graduation diploma which is a step in the right direction on the road to success.

Lionel Haigh President

EDITOR'S MESSAGE

For the yearbook as for the rest of Lakeview, 1963 has been a year of change. Our building has been expanded to include a more commodius cafeteria, new technical and commercial wings and the most up-to-date equipment. The most obvious change in the yearbook is the hard cover and increased number of pages. The "Lions Roar" is based on the entire calendar year, 1963, and in it we have tried to capture some of the "Lakeview Spirit" that has been behind every school activity.

We hope that you will enjoy your "Lion's Roar" as much as we have enjoyed creating it, and that you will cherish it for years to come.

To the faithful students who have worked so diligently, to the members of the faculty — Mr. Sime and Mr. Gehrels in particular, whose wise words of advice have proven invaluable — to Mr. Cringan of Inter-Collegiate Press, whose experience has helped us through many a difficulty, and to anyone who has in anyway contributed to this effort, I should like to say a sincere "Thank you".

Students' Administrative Council's year had it's beginning with the varied displays of leadership ability in the election campaign Presidential candidates were: Lionel Haigh, Jean Jordan, and Johnny Ponto. Vice-presidential contenders were: Ken Fikis, and Donna Zawadzka. After the individual form representatives were elected the Council met and set to work to formulate plans to make this one of Lakeview's best years.

The Students' Council plans the year's activities, from the smallest sock hop to the stupendous Mardi Gras festivities in May.

The S.A.C. provides help for every club and organization in the school. It has loaned the majorettes and cheerleaders for new uniforms and has undertaken large scale fund raising campaigns to finance yearbook and Mardi Gras activities. The Students' Council displays Lakeview school spirit by being behind every project.

MR. BOQUIST:

Mr. Boquist, our Vice-principal, also teaches botany, zoology, and chemistry. He has attended the University of Western Ontario , Assumption, Windsor, and our own Lakehead College. He may be remembered by some as wearing risque clothing during a basketball game (that sweat-shirt was a full two sizes too small). Hunting and fishing are only a couple of his interests as he coaches our Senior Football Team.

The young miss who teaches physical education, health and hygiene, and conversational French is a native of Port Arthur. She attended our own Lakehead College where she majored in French. Miss Arnot enjoys sports and classical music. She has done a commendable job coaching our Volleyball teams.

MR. BABION:

Mr. Babion, the teacher advisor of the History-United Nations Club, is our recent recruit from Westgate High, although he now vows he is a devoted Lakeview fan. A native of Fort William, he attended Queen's University where he majored in history and earned his M.A. His pet peeve is the unbearable heat. By the end of the year at least, the students should know which notebook to use when.

Mrs. Barton was born in Timmins, Ontario. She graduated from Queen's University and taught in Windsor and Timmins before coming to Lakeview. Mrs. Barton belongs to the University Women's Club and the Country Club, where she enjoys curling.

MR. BLACK:

Mr. Black majored in geological engineering at Queen's University. Here at Lakeview he teaches science and math. He was a favourite of the 1962-63 C9CD class and many of his other classes. Being an outdoors fan, he enjoys hunting, skiing, sailing, flying, etc.

MR. BLAZINO:

Graduating from Queen's with a B.A. in mathematics, Mr. Blazino came to Lakeview where he now teaches math from grade nine up. Because of his interest in bowling, he is the teacheradvisor for the Bowling Club. Now that he is on the Lakeview payroll, he need not rely on pool for a living, but still enjoys shooting the odd game on weekends.

MR. CRANTON:

Mr. Cranton graduated from Mount Allison University and the Nova Scotia Technical College with his Bachelor of Engineering. However, he has two peculiarities - a musical ear for a certain ashtray with a annoyingly loud tone and a devotion to an ever increasing collection of assorted flavours of chewing gum.

This teacher's greatest problem in class is giving French answers to her Latin class. This is not too bad but what about her French classes who don't take Latin? Her pet peeve is students who talk too much during class.

MRS. EVANS:

Our effervescent Mrs. Evans really "digs" music and dancing, besides the more domesticated arts of cooking, sewing, and knitting. Mrs. Evans' favourite expression is a flabergasted "Oh! you don't know what you're missing!" All there is to say to anyone who does not know Mrs. Evans is "Oh! you don't know what you're missing!"

MR. GEHRELS:

Mr. Gehrels was born in Holland before the war. He attended high schools in The Hague, and after being in the Dutch army he won a scholarship and came to Canada to Western to study medicine. After 2 years he changed to honours chemistry-luckily for us. Mr. Gehrels gets a kick out of blowing a lid off a tin for the first class each year.

MR. GRAHAM:

This all-round good sport attended Selkirk High. This year he had the honour of being the guardian of the T10 Piston Pushers who won the inter-form football championship. His interests are hunting and fishing.

MR. HANLEY:

Mr. Hanley comes from the rival Redmen, P.A.C.I. He graduated from Loyala College with his Bachelor of Science of Engineering. He claims he is a "song and dance" man with an excellent voice. He is interested in reading and sports-he coaches the Senior Boys Basketball Team.

MRS. HEALEY:

Mrs. Healey, one of our commercial teachers, is well liked by her students. She is easy to get along with and will help anyone with their problems. Her favourite saying is "Don't play with the typewriters." She teaches office practice, clerical practice, and typing.

Mrs. Hulko is a patient, considerate and well liked person who is determined to make all her students efficient office workers. Her favourite sayings include: "Proof-reading is a must" and "Do not erase over those open keys!" Her ambition is to have a class with no failures in shorthand. As for her hobbies-we sometimes wonder, when some mornings she barely makes it for the ten to nine bell.

As head of our Latin Department and a teacher of French as well, Miss Hurley leads an understandably frustrated school life. Her interests lie in reading, sewing, and the Venture Club through which she has become interested in service work. Her pet peeve is "Students who slouch and don't speak out." Her favourite saying is "You're mumbling again." Miss Hurley takes a genuine interest in her students.

MR. JAMIESON:

He graduated in 1958 from Acadia University in Wolfeville, Nova Scotia. While there he was a "smashing success" in economics and history. He now teaches history and geography. For his hobby he belongs to the Army Reserve.

MR. KOZYRA:

This handsome young man attended Western University and majored in English. He teaches English, and History. Mr. Kozyra has already brought honour to our esteemed school by coaching the boys and running with them in the 10 mile relay road race. His main interest is sports generally.

Mr. Listmayer obtained his B.A. at Western mostly by summer school and correspondence (quoth he: "Western is the only university there is, others are negligible"). He is interested in everything but claims he has no time to do anything. His main interests however are hunting and photography, in which regard he is the teacher advisor for our Camera Club. I wonder if he really did kill a partridge with a piece of mud?

MRS. MAC GRAY:

Mrs. MacGray, our art teacher, leads an active life. See graduated from the University of Manitoba in Interior Design. She enjoys travelling, meeting people and being surrounded by nature, and she has a sincere interest in art and music. Much of her time is absorbed in skiing, camping, sewing, and interior design. Her one complaint: "I never have enough time; it just disappears." Despite her many activities, her life centres around her home and two little boys.

MR. MC GREGOR:

Mr. McGregor, a graduate of Queen's University, enjoys playing the accordion at bonfire jamborees. His varied interests include football, music, hockey, and astronomy. Though he seems like the "down-to-earth" type, he is the C.O. of the 649 squadron of the Air Cadets and was a flying instructor during the war. Happy flying, Mr. McGregor!

MR. MC INTYRE:

Mr. McIntyre is an excellent P.E. teacher. When he is not teaching this he is either giving gym rules to someone or yelling "Get in the showers!" He can often be heard in the upper 400 wing bellowing "Ridiculous! ridiculous!" In connection with football all Mr. McIntyre can say is "Wait until next year." Pet peeve: black shirts as part of the gym uniform.

MRS. MC NEILL:

Mrs. McNeill, the teacher-supervisor of the Junior Red Cross Organization, is our Home Economics sewing teacher. She first took her training as a teacher at North Bay College. In Toronto, she received her Intermediate Home Economics Certificate. The clothes displayed in last year's Fashion Show were certainly a credit to her teaching ability. Her favourite saying is "An ounce of prevention is worth a pound of cure."

MR. MANNS:

Mr. Manns, a graduate of the University of Michigan, often experiences the "call of the wild" on weekends, and between marking papers, finds time to shoot the occasional moose or catch the occasional fish. Besides talking, teaching, and reprimanding gum-chewers, he also enjoys joking with students. His good sportsmanship and terrific sense of humour has made him well liked by students and fellow teachers alike.

MR. NIEMI:

This teacher attended Western and McMaster Universities. He teaches math, economics and business practice. He may often be heard saying "Get out your homework." He is interested in all sports-especially wrestling.

MR. PLAYFORD:

This handsome teacher is a comic. The day starts off when he walks into the room and says "Really kiddies". He attended the University of Western Ontario where he majored in English. He teaches English here at Lakeview. His extracurricular activities include Junior Basketball and the Debating Club.

MR. RAPLEY:

Teaching is not Mr. Rapley's only asset for he holds the Queen's Commission as Flying Officer in the R.C.A.F. and is Personal Administrative Officer for the best Air Cadet Squadron in North Western Ontario, Lakeview's own 649. Among his many activities skiing rates a high first and Mr. Rapley can be seen gliding down Loch Lomond's slippery slopes every wintery weekend. His pet peeves are "9 o'clock school days", "students who mumble to cover their mistakes", and seriously "students who nealect their responsibilities".

Mrs. Reed, our school librarian and English and history teacher, attended the University of Western Ontario, where she majored in social studies and English. She is interested in quiltmaking, cooking, and gardening. Her pet peeve is a person who takes books from the library without having them checked out. Very often her classes hear her say "If you have tears, prepare to shed them now!" (Pull out your crying towels everyone!")

MISS RIPLEY:

This teacher attended Lakehead College and Queen's University. While there she majored in history. Here at Lakeview, she teaches typing, shorthand, correspondence, and business arithmetic. Her interests outside of school are curling, gardening, reading, interior decorating, colour photography and golf. Miss Ripley may often be heard saying, "Clear your desks!"

MR. SHAPIRO:

Mr. Shapiro, who came from Toronto, has always aspired to teach languages in high school. He taught at various public schools for several years. By taking various summer courses he achieved his B.A. degree in 1952. Thus he was fully qualified to teach languages at Lakeview when it opened in 1957. He has been working here, at his chosen career, ever since.

MR. SHUTTLEWORTH:

This mysterious man teaches instrumental music half-days and leaves abruptly at the five minute bell. Last year he attempted to teach the grade tens the string instruments. His pet peeves are late trombone players, gum chewers, and people who neglect to put their music stands away.

Our guidance counselor taught elementary grades before coming to Lakeview. She attended McMaster University. She teaches English and is head of the Guidance Department. She is the advisor for I.S.C.F. and is a member of a creative arts group of the University Women's Club. She may often be heard to say: "Come see me sometime."

Mr. Stamp, our technical director, had a large part in acquiring and setting up the new technical wing of our school. This year he has the added responsibility of looking after the pesky technicals.

MISS TOPLAK:

One of our more eligable teachers, Miss Toplak went to Western where she majored in English, Caution! Her pet peeve is students who bring the wrong books to class. Her interests range from skiing and photography to the piano.

MR. VUKOVICH:

As well as being Assistant Commercial Director, Mr. Vukovich has also managed the Junior Football team. He enjoys telling stories to his classes, fishing, and talking about his son, Markie, and his "choo choo train". His favourite sayings are "I'm not a genius" and "Do you follow?" Pet peeves: trying to teach tricks to his white German shepherd, and trying to get math across to the CI2's.

MRS. WALKER:

Mrs. Walker liked Lakeview so much she just had to come back. She taught at Lakeview in the school terms of 60-61 and 61-62 but last year taught at Westgate. This year she just teaches in the mornings and goes home to her two cute children. Mrs. Walker received her B.S. (H.E.C.) at the University of Manitoba. Her interests include curling, golf and sewing.

MR. WESTBROOK:

Head of the Commercial Dept., Mr. Westbrook has always taken a deep and personal interest in each and every one of his students. His favourite pastimes include bringing his dog 'Butch' to school, growing prize roses, taking 20 marks off for using short forms on bookkeeping exams, and setting 'nosty' exams. One of his favourite hobbies is being chased up trees by bears that are probably more afraid than he is.

MRS. WESTBROOK:

Mrs. Westbrook, took honours English at McMaster University. She is an ardent gardener and specializes in prize winning roses. Her forced interests are marking essays. Shortened periods and fire drills are her pet peeves.

MR. WHALLEY:

This drafting, woodworking, and geography teacher also teaches Driver Education. He often says "Be prepared for a test at any time." If you wish to see him after school hours you may find him fishing and hunting every evening and weekend.

Mr. Woods is the electrical shop instructor in Lakeview's Technical department. His pet peeve is students who waste wire when making projects. No doubt he is finding the large electrical shop in our new technical wing quite adequate. In his spare time Mr. Woods enjoys hunting and fishing.

VALEDICTORY ADDRESS

Anneli Kauhanen

Mr. Chairman, Ladies and Gentlemen:

It is a singular honour tonight to attempt to say something of what each member of the 1963 graduating classes feels on this his graduation.

In retrospect we now more fully realize what our status was four and five years ago when we entered Lakeview; frightened, immature, nebulous in character and in our ideas. Here it has been our privilege to spend four and five of the most formative years of our life--a time when it was inevitable but that we would "become a part of all that we met" and that all experience would be an arch through which would gleam the still untravelled world.

Here at Lakeview we feel we have met with the best; the Board of Education has provided us with the finest of facilities; our teachers have imparted knowledge, skills and most valuable of all--inspiration--unstitutingly; our school organizations--athletics, drama, music--to name only a few--have provided opportunities for leadership, co-operation, formation of bonds and friendships not readily to be broken.

We are the total of all these things and for them we are grateful. On a more personal note we desire simply but sincerely to say "thanks" to our parents whose understanding, "sometimes sacrifice", but constant faith in us here tonight as the fulfillment of their trust.

As we have each year moved through the arch of experience, ever viewing wider vistas, we well realize we are now only really at the beginning of our accumulation of knowledge. Into the highly complex and competitive world we are entering "knowledge must be followed like a sinking star" if we are to play our part adequately. Hence our resolve needs to be "to strive, to seek, to find and not to yield".

We are as I have said apart of Lakeview, and whither we go, it in part goes with us. But now its walls we must leave with a sorrowful happiness; happy that we have measured up in at least part to what it expected of us; sorrowful in leaving a friend.

For us students as we go our various paths in life, Robert Browning would seem to have an appropriate message:

"Grow old along with me.
The best is yet to be,
The last of life, for which the first was made;
Our times are in His Hand
Who said, "A whole of life I planned,
Youth shows but half; trust God
See all, nor be afraid".

G 13'S

JIM ALEXANDER:

Jim is a serious student and is in school for one thing-an education. It has been rumoured that Jim is not so quiet when it comes to summer camps. Jim excels in all his maths (especially physics) and is embarking on a career centred around these subjects.

JOAN BALL:

Joan plans to attend Teachers' College - her only fear being that the pupils will be bigger than she is. Her bounce and wit help to keep the rest of the class awake, but she wishes she could sleep in French class.

BOB ANDERSON:

Bob is the Mark Twain of our class. His essays and compositions always receive top marks. His main interests are a blonde, his early thirty antique, and his brother's go-cart track. In post years Bob has been active in SAC and other school activities but this year he is devoting his time to education.

CLAUS BRAOVAC:

If it were not for Claus' gigantic grin and his sense of humour, our classes would be less cheerful. Besides being our Students' Council representative, Claus is vice-president of the H.U.N.C. He enjoys all sports and is especially talented at volleyball. He plans to enter Queen's University next year.

ERIC ASLUND:

"Ozzie" is 13B's hunting and fishing enthusiast. It is rumoured that he is popular with the fairer sex that he must carry a cue to ward them off. He also has a bad habit of shutting his eyes through most of his classes. An early retiring hour might cure this and also help Ozzie in boosting his attendance.

BONNIE CHISHOLM:

Bonnie aspires to be a French teacher, get married and raise "les enfants". Her pet peeves are the last two periods with K.B. (everyday!) and blushing. Bonnie's nocturnal haunt is Fero's-her excuse-"Well it's the atmosphere."

ROLAND BAIRD:

Roland can be seen at most hours of the day wandering around the halls looking for Betty. Among Rolly's claims to fame are his fabulous green limousine, his ability to frustrate English teachers, and his tendancy to grin whenever the going gets rough. With his pleasant personality, Mr. Baird may someday become our good-will ambassador to some fortunate country.

John is the robust man behind the microphone booms at the local TV station. He is also the man chiefly responsible for the selection of gifts for "Kids Bids". Coudimanche can pull something funny out of Hamlet and always reads the part Mrs. W. skips. However, John has much more under his bougie cut than most people realize.

BEVERLEY DELLO:

Bev's sportsmanship and agility are great assets to Lakeview's sports department. She hopes to be training her own basketball teams in just a few years. Active in all school affairs, Bev has certainly made Lakeview proud of her. But no matter what Bev does, her warm personality and bubbling spirit will bring her great success.

More commonly known as "Mark", Gary has a special liking for double French periods and wishes there were more of them. He also enjoys Lit. and tells us Hamlet is his idol. Gary is also quite handy with a pair of skates and a hockey stock. The rest of his time is spent with Fats and Romper Room Roon.

KEN FIKIS:

Kenny is Vice-Pres. of the Students' Council, a member of the football team, and a prominent member of the "I Hate Physics Club." Every day he burns much energy arguing with Mr. C. He has proven himself to be a hard worker when it is required, however, on many projects, including this yearbook. It will be Lakeview's loss when Ken graduates.

Ed is one of the select group that is fascinated by Mr. C.'s never-working experiments. This lad's time is divided between admiring his '55 hot-rod and helping Ivan catch houseflies. Although we know not what Ed's ambitions are, we know that his future will be a successful one.

RON FRIDAY:

G13B's best romper-room fan, Ron is the only person in the world who can stand his guitar playing. Ron is a sharp dresser and has a closet full of cast-offs. This ladies' man insists that girls can resist him but just don't want to. Ron's main hobbies are annoying Mr. C and confusing Mrs. W.

"Moe" is the powerful Pierre of G 13B. Moe is an unstoppable fullback for our senior football team but was injured this year and did not see too much action. Maurice was also a member of the school curling team. He is the President of the Boys' Athletic Society. During the holidays Moe goes back to his home town of Caramat.

JUDY GLOVER:

The nicest thing about Judy is her warm, friendly smile and her great sense of humour. She must have a complex complex because she always whispers her answers in class. If such is the case, maybe we can recommend some medium-height, dark, handsome psychoanalyst, who has a brush-cut.

Dave spends his time pumping gas into cars and placing patches on flat tires. He enloys tinkering with cars but it seems Gail is receiving much more attention lately. He dislikes shortened lunch periods and double English classes. He is generally quiet in class probably because he is sleeping. His main hobby is chewing gum.

FRANK JACKLITCH:

During the summer months Frank worked in the local mill and now is resting until next summer. He holds the record for working the least time for the most money. Frank is an avid sports fan who enjoys watching the big "M" best of all. In his free time he plays hockey and baseball.

"Boomer" drives a green Pontiac with three and a half wheels and a one speed transmission. Ron forever has a wide grin on his face and has the record for laughing for nine periods straight. A basketball star since entering Lakeview, Ron also holds the record for most baskets missed in one season.

MARG JARRAWAY:

Marg has all the qualifications for a future home economics teacher (and a wonderful housewife!) She sews most of her own clothes and last year made new uniforms for the Majorettes. She is a very good and understanding friend.

Riho is keenly interested in photography. Besides being Pres. of the Camera Club he has taken most of the pictures for this year's yearbook. During the winter Riho spends his time gliding down Mount Baldy. He plans to go to the University of Toronto next fall where he hopes to obtain his M.D. degree and specialize in neurology.

MARY JARVIS:

"Versatile" just about covers it! Mary loves skiing, listening to Harry Belafonte and reading controversial novels. Judging from her Monday morning appearances, her weekends must be "real wild" - or maybe she just hasn't yet recovered from those overactive playground kids. "Mouse" enjoys using magnanimous words, much to the consternation of her fellow classmates.

BILL KALLIO:

Bill is the athletic type and has the build to prove it. He is an important member of our senior football and basketball teams and is the Boys' Athletic representative for G13A. His ambition is to win an argument with our Physics teacher. After finishing Lakeview he plans to enter an art school in Toronto.

ROBERT JOHNS:

This smiling little angel (?) can NOT usually be seen playing with his photographic equipment or fighting with M.L. concerning the lay-out of this yearbook. Witty retorts and a sly grin are his trademorks and his long curly eyelashes are the envy of many a girl. Robbie hopes to get 99% in his maths this year but will probably end up with the 99 in Latin instead (Wouldn't Miss Hurley be shocked!)

JUDY KASHUBA:

A most popular student, Judy can be seen at any school function flashing a wide grin and greeting people with a friendly "Hello". She spends her weekends either working in a store or with Jerry. Her pet peeve is letters which arrive late from Cal. She plans to enter Teachers' College and teach little kiddies in the future.

HELI KOPTI:

Helikopter can often be seen scolding people who laugh at pictures of her dog. She is secretary of the H.U.N.C. and next year hopes to attend U. of T. since Toronto has always held a special attraction for her. While at Lakeview her piano playing and singing have brought her much deserved praise. A friend to all, with her warm personality Heli's future should certainly be rosy.

GREG LOVE:

Better known to most as "The Oaf", Greg is 13B's funny man and he does his best trying to keep everyone in stitches. His favourite pastime is "checking" girls and on weekends he can usually be found at cousin Jack's. His main ambition is to be a millionaire but he will probably end up being a professional guitar tuner or hog caller.

MARG LAMPSHIRE:

This fireball could talk anyone into joining in her mad sthemes. But Lakeview would sorely suffer if she did not have this unique ability. In addition to being editor-in-chief of this yearbook, she is also active in SAC and Toc Alpha. Her newest adventure?--trying to master the intricacies of (shhh!) POOL.

NORMA LITTLEFIELD:

Norma, who has beautiful long red hair, enjoys listening to the radio. An avid sports fan, Norma would like to play on a girl's hockey team. After completing grade 13, Norma plans to attend Lakehead Teachers' College.

RAIJA LEHTONEN:

Not only is she smart, intelligent, studious, and personable, but also a real good egg! When she isn't swooning over Mario Lanza's singing or translating Latin love poetry, she is choking over the adventures of her madcap buddies. Lots of luck with those future Latin students!

PAT MAA:

Pat did not intend to come back for his grade 13 this year but after weighing work against school he returned. Pat is an expert carpenter who knows everything about rafters and beams. If only he knew that much about French and geometry. Pat enjoys the great outdoors - especially hunting and fishing.

RAY LEROUX:

After a short stay in college, Lou decided to come back to a more friendly atmosphere. As well as being key figure on the Senior Football team Lou bowls in our school league. "Lash" enjoys Physics class tremendously and pays close attention at all times. He plans to become a Lab technician upon completion of grade 13.

SANDRA MALONE:

Sandy comes to school only for the afternoons. She is the envy of the rest of us girls for she is the only girl in 13B. However, she paid for this honour on Twirp Day. Her ambition is to pass Latin this year for sure.

TED MAVOR:

Ever since entering Lakeview, Ted has been known for his bright red blush and his social life. This year is not different. Ted is constantly complaining that the crop of grade nine girls is getting worse every year and sees little hope for the future. He is a member of the school football team and competes in track and field.

MORLEY MITCHELL:

Morley is 13-A's one and only television star, as he is a member of the Lakehead's famous Rovers. Morley has probably done more to make Lakeview a better school than any other student now attending...he has served conscientiously on many of our school's organizations and his versatility as a performer has been demonstrated frequently during our assemblies.

VIVIEN MASSEAU:

Vivien, Lakeview's own songstress will go a long way, not only with her music but also with her chosen career--teaching. When she starts parleying français, we guarantee every last student will sit up and listen. If they are really good, she may treat them to a romantique chanson, "C'est Si Bon" perhaps?

TOM MORTON:

Tom has been unable to participate in sports for the last couple years because of an ailment. But this year he was manager of our Senior Football team and was the best in the league. He also intends to play basketball on our school team. Tom's trade-mark is his "Lawrence of Arabia" sandals which he is proud of.

LOIS MC KEE:

She doesn't speak out too often but when she does, she makes a lot of sense. She is a talented pianist an ideal student, and a highly esteemed "good kid". As a teacher, she will be the idol of every little girl in her class.

BILL MURRAY:

Bill did not come back to Lakeview with the rest of us this year. After a week he become homesick and decided to return. Bill is an avid bowler, bowling in both five and ten pin leagues. He is also a member of our school bowling executive. Bill is planning to become a teacher.

BOB MC LAREN:

Bob is a very talented dramatic actor. He is very versatile and quite capable of portraying any type of person. He is also well known for his famous orations and harangues. Last spring Bob was an important figure in our musical variety show, helping to make it a great success. He plans to go on to Lakehead College.

"Wretch" played football for the Senior team and also curls in the winter. Reg has his own fan club of which he is President, Secretary and Treasurer. Reg's height in comparison to his diameter is very unusual but he attributes it to clean living and lots of rest. This year there is also a mini-Reg in our midst.

JIM NEWTON:

Jim has come back to Lakeview after a short absence. After plunging out into the cold world he found it was easier to doze in a warm school and so decided to return. Jim bowls with our school league and spends the rest of his time cruising around town in lan's puddle-jumper, looking for cheerleaders.

This smart dresser always manages to come up with the right answers especially in English classes. Another member of the "Quiet Ones", Carolyn is bright, clever, and well-liked.

ERIN PATTYSON:

Worryless and smiling-that's our Erin! Entertaining lavishly is but one of her talents. She is rather remarkable in many ways. She is aiming for an M.D. degree, but will succeed in getting a Mrs. long before. If the going gets tough, she can always start a column for love-lorn pizza-eaters.

ROSS SALMI:

Ross is an extremely mysterious person and is given to little talking about himself. He dislikes sports and mathematics of all kinds. His passion is for bombing around in his Anglia and hanging around Bay St. He hopes to become a pharmacist.

A recent addition to Lakeview Herb is the master of the simple solution in mathematics. Teachers and students alike never cease to be amazed at his ingenuity and his witty remarks are enjoyed by all. His warm smile and friendly nature have made him liked by all his classmates and we wish him every bit of luck in the future.

Ed should do quite well in his exams this year because he spends more time in the library than any other student in the school. Ed began the season as our senior quarterback but a serious injury forced him to retire. Ed also plays basketball and hockey. After grade 13 Ed plans to enter Waterloo.

Ivan is quite proud of his moustache which is the second best in the school. Most of Ivan's interests centre around the great outdoors where he shows his talents as a hunter and a fisherman. Ivan also has a vast knowledge of the distillation and fermentation of good wines but will not disclose his sources.

This young miss adds colour and interest to our class. Being athletically talented, ""Smatty" joined the ranks of our famous cheerleaders this year, and we are very fortunate to have her in our sports department also.

TERRY SOMPI:

Terry hopes to attend Lakehead Teachers' College where she hopes to become a qualified chalk pusher. She hates studying but having Denny help her makes it less painful. With her warm personality we are sure Terry's future will be bright.

SANDRA TAYLOR:

At first glance, Sandra seems very quiet and reserved, but don't you believe it! When she gets going she's a ball of fire. Next year, it's Teachers' College for Sandy. We hope she gets good little kids in her class always. She deserves the best.

Helen hopes to become a lab technician, to pass English, and to live south of the border for a while at least. Her theme song? --- "Give My Regards to Broadway"; her pet peeve?--catching buses in New York. What else?

WAYDE TURGEON:

Wayde can always be seen going to the main hall to get a drink, but usually forgets about this and comes back starry-eyed. He has a weakness for cheerleaders and this year has attended every senior football game he possibly could. He was a member of last year's Sr. Basketball team and he plans to spend his life fixing dentures and torturing little kiddies.

DAVE STERLING:

Dave is our room's best physics student. He seems to be the only one who can answer Mr. C's tough questions. He also excels in all his other math subjects. His favorite hobby is travelling across the U.S. and admiring the scenery. Dave's only complaint is his period eight lunch hour. His future plans are to enter Waterloo.

MIKE WALGATE:

"Jossie" is forever bothered by fly-away hair and people who tell him little white lies which he believes. Mike is always on the move, looking for a kleenex or someone's book to write in. Mike is a keen observer and is always on the lookout for pleasing grade nine lassies.

FRED VIINIKKA:

Popular Fred is especially well-known by the fairer sex. He is active in Football, golf, hockey,...you name it! Fred is amused to no end by Hamlet, and especially the parts which Mrs. W. is embarrassed to read. With good looks, personality, and a talent for snooker, Fred is well prepared to meet the future.

MAURICE ZAKREWSKI:

Maurice is a very talented artist and specializes in drawing in other's math texts. During the first part of the year, Maurice faked the use of crutches in order to get kind hearted students to carry his books from class to class. During the winter months, Moe makes an attempt at hockey.

ROY VIITA:

Roy is a newcomer to LHS and has the distinction of being the only guy in the school with university experience. His only real objection to Lakeview so far is being ordered around by teachers two or three years his junior. Next year Roy hopes to be enrolled at Lakehead Teachers' College.

LIKE A POME

I tell you true, I'm through with guys, 'Cause all they do is tell you lies, They break your heart, they make you cry, They make you want to go and die, The way they treat you is a sin, WOW, check the guy who just walked in.

CHUCK: What goes Zubb, Zubb, Zubb. RICH: How do I know? CHUCK: A bee flying backwards.

MARIAN BACHINSKI:

Marian is one of the more active students in our form. During her stay at Lakeview she has been active in the cheerleaders, and majorettes and has also shown her acting ability in the school play. "Get Up and Go". Public speaking, Glee Club, and curling have also taken up this young lady's "spare" time. Marian has the "Get Up" and we know she will certainly "Go" wherever she turns.

One of the few but well loved male members of our C12 class, big bashful Charlie is a member of the senior football team. Although he claims his P.P. is girls, he certainly doesn't mind the attention he gets from his female classmates. He plays a good game of hockey and his team won the championship last year.

CAROL BACKEN:

Giggles enjoys bombing around with Janie in her new car. Carol is forever quizzing the teachers to see how smart they are. Her ambition is to finish school and learn how to manufacture a real nice lipstick. Her favourite saying is "Oh really!!"

WILMA HOLDER:

Wilma has to come a long way to school but we know she enjoys the bus ride. Could it be because Syd happens to take the same bus??? Wilma's pet peeve is coming to school and she usually says "I don't know". Wilma hopes to get a job in Hurkett so she doesn't have to move into town with us city folk.

DAVE LOCKHART:

If a lack of height is indicative of a lack of skill or initiative then Dave is an exception. He is an avid skier, an ambitious trackman, and an ardent student. He gained experience wandering through the streets of Paris.

ANN MARINIC:

Ann sits back and watches history go by. This horn in the school band. is our little red-haired import from PACI who just adores boys especially Ron D. She is always gabbing to a G12 gum-chewer in history.

BRUCE MARRIER:

Bruce plays the french His hobbies are philately and microbiology. (These are hobbies?) His ambition is to change his hobby.

MICHAEL MC KENZIE:

Mike seems to think engineering is the field he should enter. This is probably because girls, cars, and money are easy to attain when he has reached this goal.

ANN MC LELLAN:

"A Scottish lad for a Scottish lassie." Ann plays the pipes in the P.A. girl's pipe band and teaches Cubs in her spare time. She is trying to decide if pink hair will suit her and will probably end up as den mother to a bunch of little Scotsmen.

"Mixie" continually feels about five feet tall but don't let the lack of size fool you. He is a fast back fielder and a fast dash man who never gives up.

BOB MILNE:

Sneak as his name suggests doesn't yet enough sleep, especially in Algebra class when Mr. M. continually wakes him up. Besides participating in a few games of the "finer arts" he finds lots of time to spend with his girlfriend.

Jerry is the only true blonde in the class. She is pres. of GAA, was our representative at Couchiching and is on the volleyball, basketball and track teams. She's Marie's pool partner and plays poker like a pro. (Hey! Alliteration)

CHARLES MORTON:

Charlie is star quarterback for the junior Lions, and see how far they went. He enjoys beating lan at bridge and finding unique ways to sign his name in latin class: e.g. Chas. M. GeeXIIa.

LYNDA MOULSON:

This quiet gal wants to become an X-ray technician but since she is so familiar with cars, a "grease-monkey" is her probable destination. She knits and sews "little" things in her spare time.

GEORGETTE MUDGE:

With her blonde hair and blue eyes, she certainly does not resemble the "George" she is nicknamed. George, a member of the Fashion Council, has only one main ambition-to raise little Thrashers.

LEA MULLO:

Lea has a unique ambition-to become an educated Freddy the Free-loader. Lea can usually be found before nine, standing with Bob checking the "Freshies." Lea likes swimming, waterskiing, trampoline, and horseback riding.

PETE MYSHOK:

"Petie-Pie" spends most of his time on his car. Besides answering "fine" to almost everything, he asks "Mr. Who?" and indulges in the finer arts at Hansons.

KARIN NIELSEN:

Karin who is called Friendless by all except a certain J.G. who calls her ""Cuddles", is an active participator in activities at Lakeview. She is in the Senior Volleyball team, plays trombone in the band and is also vice president of the G.A.A.

DIANE OIKONEN:

This cute little freckled gal is our Form Rep. and is also on the Advertising Comm. for this yearbook. Besides her interests in P.A., she has other interests out of the Lakehead and spends a lot of time writing letters. "Oik" is usually complaining about straight hair and freckles.

This black-haired brown-eyed gal likes all sports and anything that is fun. Cheryl's favourite song is "Falling in Love With You." Cheryl wants to be a teacher and make life miserable for the unfortunates she teaches.

LARRY PEIRCE:

"George" is our first string fullback for the Junior Football Team. He desires to make some touchdown before the season ends but time is quickly running out.

Betty is full of bounce and pep, in other words, she never stops talking. She loves to give out the Algebra homework before Mr. R. On both volleyball and basketball teams Betty is a star. She plans to go in training next year.

DONALD PETERSON:

This military lad's social highlight of the year was an invitation to a pyjama party. Did it ever come off, Pete?

JOHNNY PONTO:

A well-liked student, John made a run at Presidency this year but fell a little short of his mission. With his artistic ability he is sure to reach his goal. His favourite sport is found in the Academy of Fine Arts.

BRYAN PROBIZANSKI:

"Spider" spends most of his time pushing a cart at Safeways and catching houseflies in History class. He is the "drummer boy" in the band and also plays basketball.

CRAIG PUTNAM:

Craig is perhaps the most congenial student in Lakeview, and though he walks with crutches he faces every stair with a smile. He is the world's best spectator and enjoys watching sports.

DENISE QUIRIELLE:

Even though Denise isn't planning on being a secretary, she gets plenty of practice in history. Denise takes and teaches dancing.

HENRY REESE:

"Hank" is a golfer, one of the persistent types; as he can be seen shovelling off the greens in the middle of winter. His pet peeve is "guys" who can't get cars for hunting.

BILL RICHARDSON:

He can often be seen racing his cow against Bill's Massey-Ferguson. He usually wins but has one complaint-you can't race or double-clutch a cow.

His reason for frequently being late is that his Massey-Ferguson is hard to start. Actually the reason is that it will only hit 20 m.p.h. on the straight way.

DOUG RITCHIE:

Doug plans on being an archeologist (specializing in grave digging). His outside interests (outside what?) range from diamonds to Debbie.

Don is an old veteran of Lakeview who knows all the ropes, well enough to write a book. He bowls a lot and Air Cadets consumes a lot of his time. To get out of L.H.S. is Don's ambition even if if takes a few more years.

ED SALMONSON:

Ed can often be seen driving a '64 Ford coup. He hopes in the near future to own one of the hottest cars in town but right now he needs one that runs.

JOHN SANDMOEN:
You can generally expect John about three minutes late for anything, including classes. His ambition is to wind up his school career in June

of 64

ANDY SARTISOHN:
"Red" dislikes
being called "Rouge",

being called "Rouge", and just sits back in class and takes it all in. Besides his usual "checking" routine, he has a special passion for Grade Nine girls. (vice-versa).

JERRY SCOTT:

Jerry doesn't say too much in class, but probably lets out all the hot air when playing his trumpet in the school band. Being another nature bug, hunting and fishing take up most of Jerry's time.

JACK SHANNON:

Jack will soon be presented with a gold watch for his many dedicated years at Lakeview. When he is through he will probably end up a History teacher. He likes history so much he's taking not only the 12 course but also the 11 (for the 3rd time).

WARREN SIPPOLA:

This quiet lad is interested in baseball and the "call of nature" accounts for his time spent hunting and fishing. Extra French classes peeve this petit garçon.

MARLENE SOLTYS:

"Yogs" as she is favourably called, has a terrific singing voice and demonstrates her ability by singing from class to class. She enjoys the company of males (vice versa) and also cooks and sews extremely well. She is continually having many laughs with "Nitzy" in Chem.

"Freddie" is always talking and if he isn't calling someone "Deadeye", he can be heard saying "Hey Red, there she goes". Besides this, he is always asking "Hey, Mike, who is your friend" and in his spare time he also skis. He plans on going into Forestry and become another "Smoky Bear".

DWIGHT STIRRETT:

Dwight is a rookie on the senior football team, playing halfback. He is so quiet that he hopes on sneaking over the line for a touchdown.

Bruce was planning on being a geologist until he was caught stealing the bits from the diamond drills. He now plans on heading for the North Dakota Hills--in his V8-6 standard automatic.

KAREN TENKULA:

Karen's interests lie in collecting records, dancing, boys, and especially a certain McP. Her theme song is "I could have danced all night". She likes to drive Jackie's car, because he doesn't scare too easily.

Les, our natural red-head (she insists she is) collects bottles as a hobby. Period 10 French classes peeve this jeune fille and she always answers "I believe you".

KEN THRASHER:

Ken plans on being a nuclear physicist but doesn't even know how to spell it. He will never make it at this rate. In the field of sports he is a guard for the seniors.

MIKE TRACY:

Most of Mike's time is spent playing hockey, baseball or wrestling with "Aquinous". He is a member of the North Star Junior hockey team and is an asset to the team.

CLAUDIA TREVISANUTTO.

Claudia, who wants to enter nursing, is interested in swimming, skiing, tennis, and hockey. Her most used expression is "Oh Crumbs!" When not at school, Claudia can be seen around town denting her father's Edsel.

OWEN TRIST:

Owen says that being handsome and intelligent in no way affects his football playing adversely. He also loves cars and girls--that's a pretty broad statement, Owen.

HEDDA TROGNITZ:

"Frog" is allergic to potato chips because she breaks out in cold sores. She is a Senior Cheerleader, our Form Rep., the artist for the yearbook, and along with "Di" did these writeups. She likes talking, eating and clothes and spends a lot of time writing to some American boys. Frogs and straight hair are her main peeves.

and playing cards. His ambition is to own a fleet of sports cars capable of outrunning the local gendarmes. His pet peeve is being beaten at bridge by Charlie.

ROLAND TURNER:

It is almost vital that in every class there be a "clown". Roland is ours. Without his high spirits and light humour, school would surely drag for many students and teachers. His main interests are at Baldy.

Norma is interested in skiing and the opposite sex. She can be usually heard answering "What eh" to any question. Norma's pet peeve is a certain history teacher who is constantly waking her up in class.

WAYNE VERRILL:

Wayne is the mechanic of G12C but he hopes someday to complete a course in electronics and set the world on fire.

DAVE WARNICA:

Dave is the second-string quarterback for our beloved Lions. He also plays hockey, hunts and fishes. His main ambition is to bag a deer.

"Rodger-Dodger" can usually be seen aroundrunning around the track, Boulevard, or whatever can be run around. His second nickname is "Runaround Rodge".

ANNABELLE WILSON:

"Shy and quiet is her aim, but out of school is she the same?" "Lulu" spends her spare time reading and sewing and mentioning her dislike for girls who giggle. But "Lu" giggles herself and when questioned she answers: "Is that right?"

Ross plays a mean cornet for the Lakehead Symphony as well as the Lakeview band. He says driving Volkswagons is great sport and someday hopes to own his very own.

DONNA ZAWADZKA:

Donna, our bouncing students' council representative wants to finish University and become a Home Economics teacher. Her interests include boys (naturally), sewing, and science fiction. Donna, who is always saying "Garbage" reaps her only detentions by talking too much in classes.

BAND

Our illustrious band under the supervision of Mr. Shuttleworth is in the foreground of all our assemblies. In last year's Revue they provided all the background music for "Get Up and Go". During the year the band entertains the student body with "swinging" numbers. As shown by the applause they always receive the Band's performance is always good. It took them one try but the band now plays "God Save the Queen" perfectly.

In Co-operation with other schools the band has marched in the world's premiere of the Incredible Journey, in the Shrine Parade last year, and performed during the half-time period of the Community Bowl Game. They also march in the Mardi-Gras parade which has become one of the most glamorous events at Lakeview.

GLEE CLUB

The Lakeview High School Glee Club started from a few interested students and sprang to a talented and recognized group. Out of this group came the well known Bobby Curtola.

During the year '62-'63, the Glee Club participated in many concerts. A Musical Evening was held in which the choir sang two numbers. This group also played a large role in the 1962 Lakeview Revue. They named their piece "Under the Big Top". In the spring of the same year, the girls Double Trio and the mixed choir came first in the Spring Festival.

During the begining of the following year, things ran rather slowly. After a call to the student body for more boys, plans for the "1963 Lakeview Revue" began. The musical was "Get Up and Go", and after one successful performance in the Lakeview auditorium, they were asked to repeat it at Hammarskjold High School. Although the Lakeview choir did not come first in the Spring Music Festival, they came a close second, and decided to get the honour back the next year.

Another musical comedy is planned for the 1964 Lakeview Revue. With the co-operation of the whole school, the Revue will be another success. Who knows this may even turn out another "Bobby".

A man who had a cello with a single string used to bow on it for hours at a time, holding his finger in the same place. Finally in desperation, his wife said, "I have observed that when others play that instrument there are four strings, and the players move their fingers about continuously." "Of course the others have four strings and move about constantly," he explained patiently. "They are looking for the place. I have found it!"

Under the guidance of Mr. Rapley, squadron adjutant; Mr. Blazino store's officer and Laurie Tulloch, civilian instructor will have a topnotch division.

Robert Johns won the Air-Cadet Scholarship which was presented for the first time this year. The scholarship, presented at the graduation exercises, was given by the cadets of 649 Squadron through the NCO club.

Through the efforts of the officers, instructors, NCO's and cadets, 649 Squadron RCAF was able to win the coveted Guthrie Shield. This is awarded to the most efficient squadron considering year-round activities, appearance, and drill of the cadets at the Annual Inspection.

Notre cercle français cette année est le premier pour Lakeview. Quoique le cercle soit encore peu nombreux, les membres sont enthousiastes de devenir bilingues. Nous avons le materiel copieux-des films jusqu'aux recettes francaises-et nous sommes certains de nous amuset aussi bien que d'apprendre quelque chose dans le proces. L'année promet d'être une bonne année et nous voulons accueillir de nouveaux membres qui pourront jouir du cercle avec nous.

INTER-SCHOOL CHRISTIAN FELLOWSHIP

The I.S.C.F. is represented in every assembly when the hymn is sung and every morning when their selected Bible passage is read. The club is also responsible for many interesting assemblies to which a speaker was invited to speak on some aspect of Christian life.

The members meet weekly under the guidance of Mrs. Stahl. During these meeting discussions are held concerning the Bible and the relationship it has in the world of today. Outside of these meeting the members enjoy small get-togethers. Although small it is an important and worthwhile club.

Ron Johnson, Sandra Anderson, Ken Rusnak, Cliff Johnson.

DEBATING CLUB

Last year, with the coming of Mr. Playford, the club was formed at Lakeview. The purpose in mind was to help the members gain experience in public speaking and debating. During the last year practice in both prepared and impromptu speeches has been gained. Topics such as; Segregation, censorship of movies and nuclear arms for Cuba have been discussed.

At present there is no set debating team and all the members of the club debate, but in the future the club has hopes for interschool, intercity debates with a trophy from the Jaycee's.

This club also looks after the speech contests which come to Lakeview. From a small beginning the club has progressed most favorably and looks forward to an even broader program in the future.

CAMERA CLUB

One of the functions of the club is to instruct students in the use of the adjustable camera dark-room procedure, tinting and utilizing lighting and other techniques for better pictures. Riho Kalda, the president took all the pictures for the yearbook.

GIRLS' AND BOYS' ATHLECTIC ASSOCIATION

Last year our Boys' Athletic had the most success since the origin of the B.A.A. After paying their expenses the association had money left over which will help this year's committee start on the right foot. The boys raised money last year by putting on Sock Hops and selling persians. This year Maurice Hogue is the president, Len Chaykowski is vice-president and Norman Kroker is secretary-treasurer. These boys are quite capable of making this year a bigger success than last year.

The G.A.A. held a candy sale on October 29 to raise money for new uniforms for the Senior Volleyball team. In previous years the G.A.A. has provided crests for the girls on the various teams and members of the Girls' Athletic. The annual Teachers vs Girls volleyball game is sponsored by the G.A.A. with the proceeds going to the Student-Teachers Bursary Fund.

HISTORY-UNITED NATIONS CLUB

A new aspect in the hallowed halls of Lakeview is the History-United Nations Club. The purpose of this recently formed club is to acquaint the members with the current world situation by a series of films and debates in which the students themselves participate. It is hoped that the predominating aspect of world issues will become clearer.

The club commenced activities with "Hallowe'en for UNICEF" project. From canvassing Port Arthur homes a sum of \$204. was realized and sent to the UNICEF headquarters. The hope of the entire organization is that the club will be a success and play an active part in the extracurricular life of future students.

JUNIOR RED CROSS CLUB

One hundred years ago, the Red Cross was organized in Geneva to end the evils of war. People formed committees to co-operate with hospital staffs in times of national disasters. Early in this century the Junior Red Cross was organized.

Now in its third year, Lakeview's Junior Red Cross Club has made many worthwhile contributions to the community. The club has collected money at assemblies, sock hops and bake sales. Entertainment has been provided for shut-ins and at Christmas, hampers are packed and distributed to needy families in the school district. Every year the club goes carolling, the proceeds being donated to the Christmas Cheer Fund. A very active organization, the club enjoys a good time and always welcomes new members.

SPRING FASHION SHOW

As a conclusion to a highly successful year in Home Economics, the girls presented their third annual Fashion Show to an audience of parents and guests.

A spring coat, spring dresses, suits and play clothes were shown in the latest styles and fabrics. Denim, cotton prints, corduroy, and boucle were among the materials featured.

The highlights of the show were the majorette costumes modelled by Yvonne Bowles and Barbara Maunu and the spring coat modelled by Lea Mullo. Lea's coat was made from pink boucle and she completed her costume with white accessories. The majorette outfits made by Marg Jarraway were of white and blue crepe complimented by blue pill-box hats.

Entertainment was supplied by Vivien Masseau and Heli Kopti, Marian Bachinski was the pianist and Margaret Jarraway was the commentator.

The Fashion Show was under the direction of Mrs. C. McNeill and the tea and cakes served to the guests were prepared under the guidance of Mrs. P. Evans.

THE EXCHANGE ASSEMBLY

In the spring of 1963 an old idea at last found expression. That idea was Exchange Assemblies. Lakeview was the first school to take part in the "Exchange Idea". A show, made up of Lakeview's finest entertainers; a band called the Shadows, singer Bob Fiorita; the Lakeview Marching Majorettes, Vivien Masseau, Heli Kopti, Tom and Joan Howe, and a stage crew under Don Salminen carried the Lakeview banner to Hillcrest where it won an astounding success.

From the first item on the programme it became evident that the show would go well. The stepping-out rhythm of the Shadows and Bob Fiorito's songs kicked the show off with a bang. The precision manoeuvres of the Majorettes won the appreciation of all as did the solos by the "Accordion Kids" Tom and Joan Howe. But the highlight was the performance given by Vivien Masseau accompanied by Heli Kopti. As Vivien finished the last strains of Domino she brought the audience to its feet. The applause echoed about the auditorium as the students refused to let her leave the stage.

The Shadows played the show's theme, "Walk Right In" to wind things up as the performers came back on stage to the applause of the students. Once again as Vivien appeared from the wings a second standing ovation was received. The show was a success!

The "Show Trail" did not end as the combined talents of the performers were put to yet another use. A visit to entertain the old folks at Dawson Court, to take part in the entertainment at the Toc Alpha Conference during the Easter Holidays and a presentation of a show at the Ontario Hospital carried the name of Lakeview to new heights.

CHRISTMAS ASSEMBLY

GET UP AND GO!

You got to get up and go, You got to get up and go! You got to bend your knees Get down and pull up your socks. You got to get up and go, You got to get up and go! And open up that door When opportunity knocks. You got to put yourself in motion, Take it on the run, Give it locomotion, You'll find it's fun! You got to get up and go, You got to get up and go! You'll never reach that mountain top By sitting below. You got to start to move In the groove, You'll prove it's so ... You got to get up and go, You got to get up and go...go...go!!

Almost everyone at Lakeview should be able to recognize the above lines as an excerpt from the title song of Lakeview's first musical comedy show. And from the enthusiastic response of cast and audience alike, it will not be the last of such productions.

The script of "Get Up and Go" was written by Mary Lacey with musical arrangements by Paul Weirick.

The theme of the show centered around Miss Abigail McCauley's School for girls and Mr. Oscar Lister's School for boys. The two schools were situated side by side separated only by a hedge which conveniently had a hole in it. Although the students took advantage of this hole, it was strictly forbidden to ''go through the hedge'' for Mr. Lister was a crotchety bachelor who considered women ''creatures without any brains''....just a bad investment and a big expense and Miss McCauley was an old maid who said ''Men were monsters with big bony knees''. Sam Hooker, an unemployed actor impersonating Chester Noble, a public relations man, took command of the situation bringing the two schools and the two principals together. Then, in keeping with the tradition of a ''happy ending'', the plot closed when Abigail married Oscar, Violet married Bob, and Esther found a friend in George Poole.

Vivien Masseau was well cast as Abigail McCauley and proved that her ability to act rivals her gift for singing.

Tom Kelly with his tall, lean stature and well-known voice realistically portrayed Oscar Lister.

Bob McLaren was Sam Hooker, alias Chester Noble whose frank realism and common sense brought about a satisfactory ending.

Morley Mitchell played Murphy, the janitor, who vainly attempted to discourage Sam's intentions.

Joy Hewitson played Violet, Miss McCauley's niece who realizes along with Bob, Mr. Lister's nephew (Jerry Gothard) that "falling in love is simply wonderful".

Marian Bachiniski who played the timid Esther Cole hastened the action by imploring her Uncle Chester to come and save the school. Poor Esther realized that she was not "in the groove" as she sang "Everybody goes through the hedge but me".

Web Brown was Eddie Carter and David Sterling played Johny Brown who succeeded in enticing their friends Pamela Smith (Barb Erickson) and Carol Jones (Betty Ann Zywina) through the hedge and down to the soda fountain.

Bob Fiorito played "the singing soda jerk", George Poole, whose father (Peter Litwintschik) enters at the end to reveal that Chester Noble is actually Sam Hooker.

Besides, these characters there were the students of the respective schools who took part either on stage or off: Kathy Alajoki, Barbara Ball, Susan Bailey, Susan Burke, Pat Chandler, Sharon Duke, Marien Dyson, Jean Elliot, Kathleen Fairley, Susan Favetta, Lenore Franks, Elaine Greaves, Joan Hume, Jean Jordan, Helge Kurm, Maria Rakovszky, Linda Lozinski, Sue Roberts, Clara Scully, Olga Stasiw, Kathy Stokes, Barb Valley, Lee Vester, Janis Walmark, Judy Warwick June York, Ron Devins, Michael Kaija, Norman Kroker, Clinton Kuschak, Darcy Legros, Burghard Lademan, Mark Slotiuk, Robert Strachan, Wayde Turgeon, Robert Johns, Wayne McFarlane, David Jarraway, Charles Aho, Bill Murray, Ross Salmi, Clayton Reedman.

Our talented pianist, Heli Kopti who gave moral, as well as musical support, and Lakeview's band who came through in top form led by Mr. S. Shuttleworth, are to be commended for their skillful assistance.

As in all such large undertakings, there are many people besides those actually on stage who play important roles in the accomplishment of the play. Special thanks to Mr. J. Jewitt who originated the idea of a musical comedy and directed the choral parts and to Mrs. R. Evans who so patiently directed the staging and acting of the play. Also the advice and encouragement of Mr. M. Shapiro, production manager; Mr. R.G. Harle, director of music and Mr. E. Stepaniok who cast the play were greatly appreciated. Our principal, Mr. W.B. Sime, besides being in charge of the ticket sales was instrumental in publications and backing our show. Mrs. C. McNeill looked after the costumes and Mrs. R. Morton, the make-up. Mr. D. Whalley, Mr. J. Playford and Mr. R. Graham were the stage and property managers. Publicity was handled by Mr. C. Jamieson, lighting by Mr. C. Woods and the treasurer was Mr. M. Vukovich.

Various student assistants included Irene Slomka as prompter, Mary Jarvis who arranged the various dances and Reg Nalezyty, Simon Campling, Don Salminen, Allan McNiver and other behind-the scenes workers.

We, the cast of "Get Up and Go" like to think that the students of Lakeview as a whole considered themselves a part of this spirited comedy and took pride in the fact that it was produced in the name of Lakeview. The learning, experience, the fun and laughter, the music and feeling of accomplishment tinged with sadness as the final curtain went down will never be forgotten by the cast. For just a whisp of melody from one of those songs will rouse us to live again those moments we so much enjoyed in being a part of "Get Up and Go".

MARDI GRAS PARADE AND FIESTA NITE

The annual Lakeview Mardi Gras, sponsored by the Students' Administrative Council, is the highlight of the school year. It consists of three exciting events---The Mardi Gras Parade, Fiesta Night, and the Crystal Ball.

The Mardi Gras Parade was held a week prior to Fiesta Night and the Crystal Ball. The Parade swung out of Central School yard to begin its tour downtown to the music of the Lakeview Marching Band. The majorettes added colour and a break in the succeeding line of 42 floats and cars as they advanced through their routine. The entries in the parade were all colourfully decorated and proved to be good advertisement for the up-coming events of the Mardi Gras. As in every parade there was a miriade of clowns who teased and joked with the crowd. After the parade returned to the school grounds the judging of the floats and cars took place. "Puff the Magic Dragon", the G13 entree was the first prize winner in the float division.

Prizes were also offered for the two best-decorated cars. The winning car from G11C represented a lion. The judges, Mr. Gehrels and Mr. and Mrs. Playford, announced the winners at Fiesta Night.

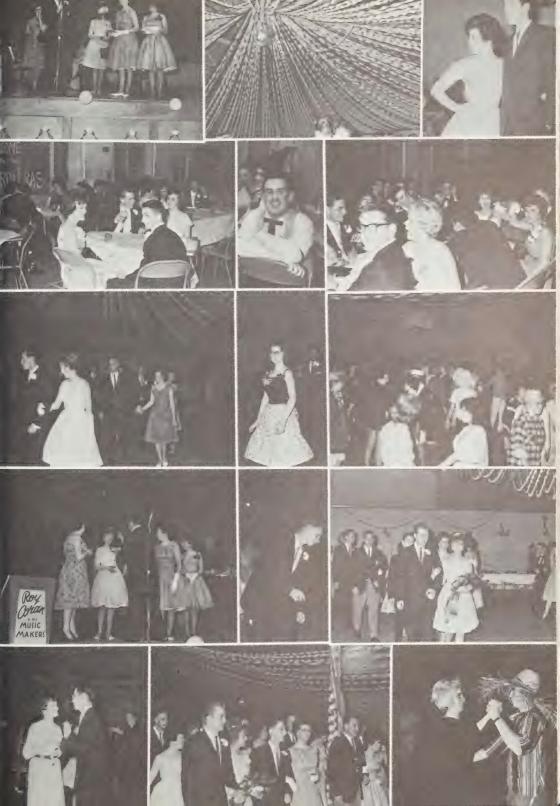

The Mardi Gras went into full swing on the following Friday as Fiesta Night, a masquerade, began. The gyms were decorated along a nautical theme. Nets and anchors were draped along the walls with life preservers at intervals. Suspended from the ceiling hung a hugh fish net filled with balloons which were released later in the evening. Along the back of the auditorium was a row of booths. The cardfree people who didn't mind risking a dime tried their ability at hitting the clown's nose. The losers gained in practice; the winners received free bowling passes to the "Big M" or root beer tickets to the "A. and W".

The music was supplied by Gary Parkhill, a CJLX disc jockey. He played records during the evening, and judged spot dances and other such novelties. There was a good variety of music; twists, jives, even the old stand-by, the waltz, to name but a few.

An exciting and colourful addition to the dance was the costume judging. Beachcombers, sailors, and doctors intermingled with Indians, cow-boys, and peasants. Caesar honoured the dance with his presence, as did a bottle of "Black Label"—in the person of female student. Costumes were judged for originality, best couples, and best single boy and girl. "Caesar" won the prize for best single boy and "the beer bottle" won the girl's single. The couples prize to a pair of Swiss mountaineers, dressed in identical Bermuda shorts with straps, knee socks, and alpine hots. The prizes were records currently on the hit parade.

MARDI GRAS QUEEN ALICE CHAYKOWSKI

THE CRYSTAL BALL

The Crystal Ball is the finale of the Mardi Gras. It gains its name from the elaborate and breath-taking decorations which transform the gymnasium into an exquisite ballroom. From the centre of the ceiling a hugh crystal ball, illuminated by coloured spot-lights, slowly rotates as tiny beams of light reflect off its surface onto the walls and floor. A multitude of pastel streamers, dusted with glitter, dip from the walls to the centre of the auditorium above the crystal ball to make the rafters indiscernable. Behind the head table the bleachers camouflaged with white paper, are decorated with balloons and coloured steamers. A partition of streamers form a division between the dance floor and the entrance. Tables are arranged around the edges of the floor and a punch bowl is set up along one wall.

As the couples arrive, the ladies and their escorts are announced by an air cadet positioned at the door. The Crystal Ball is a formal occasion and the girls are appropriately attired in beautiful formals and corsages which were thoughtfully given by the gentlemen.

A thrilling and tense moment during the evening is the choosing of the Mardi Gras Queen. It is the highlight of the evening as the colourful maypole is carried out onto the dance floor. From the pole different coloured ribbons are suspended which have coinciding colours in a box. As each contestant is announced she chooses a ribbon, steps back and holds it. When all the contestants are positioned, a colour is drawn. The young lady holding the coinciding colour is the Mardi Gras Queen. The next two colours chosen denote the two princesses.

This year the contestants were Alice Chaykowski, Elizabeth Gustafson, Margaret Ranka, Maria Skavinski, Margaret Wilson, Sandra Malone, Terry Kauhanen, Joanne Young, Karen Dicks, and Judy Kashuba. The colours were chosen by Mrs. W. Boquist. The Queen, Miss Alice Chaykowski received a bouquet of red roses, a tiara, a portrait of herself and a twenty dollar gift certificate. The two princesses, Elizabeth Gustafson and Sandra Malone, each received a corsage, a ten dollar gift certificate, and a small piece of jewellery. The other contestants each received a small gift.

Following the choosing of the Mardi Gras Queen, the Grand March begins, The Queen and her escort lead it, followed by her princesses, the contestants, and the other guests. It advances up the centre of the auditorium to the stage where the orchestra leader directs the couples right and left alternately and they circle back. They meet and repeat the procedure in double couples. After this the guests are asked to remain on the floor for a set of three dances.

The dance then continues on until the clock strikes twelve, when just like the Cinderella story, the fun-filled evening ends and all that remains is happy memories and eager anticipation for the next Crystal Ball.

ICE TWIST

Last year's Ice Twist was a success as far as the dance was concerned, but because of cold weather at fresh fall of snow only two couples were skating. The dance itself was emceed by Gary Parkhill and turned out to be a huge success. There were spot dances and prizes were given out. The Girls' Athletic Association proposed to sponsor another this year.

SPORTS NITE

Lakeview's Sports Nite, sponsored by the Girls' Athletic Association was held March 1. It started with an exhibition basketball game between our Senior Girls' Team and F.W.C.I. Our girls, though few in number, put up a great fight and the game proved to be a thriller with F.W.C.I. coming out on top by a slim margin. The next event was a spectacular gym display. Selkirk exhibited their famous "Rapid Fire", while F.W.C.I. and Hillcrest kept the audience spellbound with their tumbling and daring stunts on the trampoline.

Next came a Senior Boys' Basketball game between our boys and Westgate. Again Lakeview put forth a generous effort but Westgate managed to place on top. The evening closed with a record hop.

NIGHT IN HADES

Thanks to the dance committee and to the famous "Russ Simpson" from CJLX, Night in Hades was a fascinating success. There were devils and Frankensteins, Daisy-Maes and Abners, beatniks and offbeets, cowboys and Indians, Hawaiian girls and many more all out to have some fun. A limbo contest was held and the brave stepped forward to show their talent. Winning for the girls were Jocelyn Spooner, Sandra Anderson and winning for the boys was Dennis Probizanski. The best single costumes were worn by Julie Litwintschik, Lionel Haigh and Duncan Stewart. Taking the prize for the best dressed couple were Joan Russell and Brian Landgraff. To sum up everything in one word, this dance was a complete "WOW!"

FRESHIE PARTY

The grade nine party gave the freshmen a delightful impression of High School party life. Duncan Stewart and Betsy Dowton were the Freshie King and Queen. "Centres" were in order for the evening and Lynn Elsey, who had just turned thirteen, was applauded as the "birthday gir!". Shaking convulsively, Frans Carpay, the master of ceremonies, treated the crowd to his impersonation of Paul Anka singing "Diana". (Amen!) Spot dances and novelty dances provided variety and entertainment. Even the chaperones joined in the fun! Grade nine and twelve students who did not appear at the party were dragged to Kangaroo Court where they were punished justly. (Cough! Choke! Hack! Wheeze!) However, those that went to the dance really had a ball!

FREE-MALE FROLIC

November 15 was the girls' chance to show everyone who her favourite boy was (usually it was the boy who made her carry the least books during the day — Twirp Day). This was the day of Lakeview's co-ed dance - "Free-Male Frolic." Everyone at the dance enjoyed themselves. A major factor in the success of the dance was music by "The Shadows". After the fun at this dance, everyone is eagerly looking forward to next year's co-ed dance.

PHYSICAL EDUCATION

Through history, Physical Education has a long and honourable record. In ancient Greece, educated men placed Physical Education in a conspicuous position in the programme of education for youth. Other nations since Greece have realized the importance of Physical Education and have gone to great lengths to include it in their educational systems. We, at Lakeview, are privileged to have the best of facilities and equipment. Obviously those in charge of our educational system also realize the importance of Physical Education.

What do we mean by the term "Physical Education"? The word "Physical" itself implies the medium through which the education takes place. A person cannot become fully educated from books alone. There are experiences which count, and Physical Education is based mainly on experience! These experiences may be those of the Physical Education class, the Intramural Team, or the Interschool Team. The level at which the experience is gained is unimportant, the point is to obtain the experience.

The Physical Education class affords all students the opportunity to sample several types of athletics, thereby widening the experience of each student. The Intramural Programme offers the interested students an opportunity to participate in various competitive game situations, while the Interschool Programme attracts the athletically skilled students to its range of activities.

All of these phases of the Physical Education Programme, when they are conducted correctly, produce the following common characteristics: sportsmanship, sense of fair play, self-confidence, leadership, improved judgment, sense of team play and the obvious advantage of physical exercise. The student who is active in school athletics, at any level, derives satisfaction from competition. This competition, within limits, assists in the development of attitudes which will be useful in other phases of life.

Elsewhere in this book, several pages are devoted to pictures and write ups of the Interschool Teams. It is my feeling that it is unnecessary to expand on this phase of the programme.

Personally, I believe that the Intramural Programme is of more benefit to the school than the Interschool Programme, because it allows more student participation; therefore, more students obtain the benefits listed above. The success of the Grades Nine and Ten Football League substantiates this claim. It is hoped this enthusiasm will continue through this year's activities in the following sports: basketball, volleyball, floor hockey, track and field, badminton, lacrosse, and possibly wrestling, hockey and gymnastics.

In closing I wish to extend best wishes for the future to all graduating students. To those who remain, I leave you with this thought.

"Without the experience of having tried, you will never really know your capabilities."

SENIOR FOOTBALL

As the season progresses, the greater part of the senior team was to be found in the General Hospital rather than on the gridiron. Starting off strongly with conquests over Westgate and Hillcrest, the team's ranks were repeatedly reduced through injuries; not so their spirits as they matched Northwestern Ontario Champions (PACI Redmen) stride for stride in their two games before succumbing 6-1 and 13-9.

The Lions finished the season with a won three and lost five record.

FOURTH ROW: Bud Fikis, Dave Lockhart, King Hague, Tom Stubbings, Len Chaykowski, Gary Norton, Bill McCracken, Jim McCallum, Ed Bartol. JUNIOR FOOTBALL

Although our Junior Team was supposed to be one of the teams to beat, we lost our opening game 8-7 and never really got back on the track for the rest of the season. At times, our team played well defeating P.A.C.I. 19-7, and 25-7, but only well enough for third place. Players like Charlie Morton, Len Chaykowski, Gary Norton, Rich Wetyk, Gary Milliniemi, Rich Niczyporuk, and Bill McCracken were standouts all season. With players of the calibre of Larry Perepeluk, Larry Vezina, Dennis Probizanski, Bud Fikis, and Peter Sas and coaches like Mr. McIntyre and Mr. Niemi our Juniors should be strong contenders next season.

During his first year, he was a ninety-five pound manager. For some reason or another, he was listed in "fate's black book" because in the games to come, Ken had to struggle through a series of injuries.

Through all these drawbacks, his strong vigor and vitality impressed his team mates and the student body itself; for they elected him vice-president. His fortitude and determination were factors which lead his teammates to elect their co-captain for the Outstanding Player's Award.

MOST VALUABLE PLAYERS

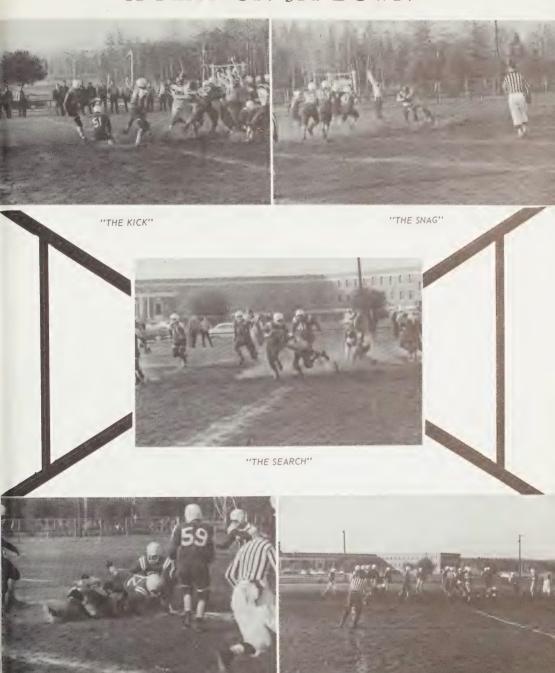

RICHARD NICZYPORUK & MR. VUKOVICH

Richard was the junior team's winner of the Outstanding Player's Award Trophy. A year prior to this season of football, we saw him among the other "freshies" fighting for a spot on the team. He succeeded. That year his ability to become accustomed to the gritiron proved very beneficial.

This year our co-captain had little trouble making the team. His eagerness, skill, friendliness, and high spirits earned him the respect of his fellow players.

Practices began for Community Bowl Competition with Marian Bachinski as co-ordinater. We decided to do a military routine without props or special costumes other than our new uniforms. The routine, based on precision, required many hours of practice. A 7:00 A.M. Saturday morning practice indicated our desire to win. The drummers, David Jarraway and Bill Gibbon provided us with invaluable assistance. The fabulous school support and our own determination to win rocketed Lakeview High School to the top of the 8 other competing schools with Port Arthur Collegiate closely following. We hope that the spirit and enthusiasm shownwill carry over to all activities during the school year and the years following.

MAJORETTES

Since January 1963, our high-stepping cuties have had a very active schedule. A few highlights of the past season were their performances for the "Exchange Assemblies", the Shrine Parade, Mardi Gras parade, and the Bowl Game. Marion and Susan have both been instructors. In the future, the Lakeview Lionettes intend to put on assemblies and perform at various functions.

Bob Cummings, Frans Carpay, Bill Kushnier, Buddy Fikis.

GOLF

In golfing last year, Lakeview came through with a stunning vitory! The tournament was held on the rolling Strathcona greens of the Port Arthur Country Club. Our boys actually placed first, second, forth and fifth! Third place was taken by R. Seiradzju of P.A.C.I., who had a score of eighty-four. This left no doubt, whatsoever, that our combined score was at least twenty strokes better than that of our nearest rival P.A.C.I. With great pride our Lakeview Golf Team brought home the cup.

On the big day that saw Lakeview's success, Frans Carpay putted the low nine with a score of forty. Three cheers for Lakeview! It's victory all the way!

"When will this season ever end!"

Two good buddies were walking along the hall when a pretty girl smiled at one of them.

"Say", said Ed, "Did you see that goodlooking doll smile at me?"

"That's nothing," said Ken, "The first time I saw you I laughed out loud."

SENIOR VOLLEYBALL

Our lively seniors played twelve breath-taking games this season. They were defeated in only three games. Their victories carried them all to the finals which were played against the F.W.C.I. girls. As they lost the championship by only a slim margin, we have hopes for them next year!

JUNIOR VOLLEYBALL

During this season the majority of our junior team consisted of newcomers. This must have contributed to the fact that they did not win the championship. As the season progressed, enthusiasm increased. If this is any indication of the future, we can be sure that they will be more successful next year.

Jwa Mitalas, Marie Hughes, Lynda Thomas. Mary Jarvis, Bev. Dello, Pat Smith.

BADMINTON

As many students will remember the badminton courts in our gymnasium were well in use preceeding and during the Easter holidays of the year 1963. As a result of the tremendous effort put forth by these girls, Lakeview placed second out of eight schools in the Lakehead in this competition. We had five teams of two girls going to the various schools. These teams consisted of Jura Mitalis and Marie Hughes, Bev Dello and Daryle White, Debbie Trevosonuto and Gail Peletier, Pat Smith and Mary Jarvis, and Janice Servais and Linda Thomas. Congratulations girls. We are going for the top next year!

Lakeview managed to place third in the very stiff competition among the schools of the Lakehead. The down-hill took place on the Birch Run. This course was controlled by gates placed in such advantageous places as cliffs. The slalom was held on the south side of the Cliff Run. It was here that Lakeview made her best showing. At Elo the cross country was held while the jumping took place at the Port Arthur Ski Club.

In all the events, Lakeview placed close to the top. Our best event was the jumping. The meet was a great success and there were no casualties except for Mike Walgate's broken glasses and sprained ankle.

Mrs. Nalezyty was complaining to her doctor that his bill was unreasonably high. "Don't forget," he reminded her, "that I made 11 visits to your home while your son had the measles."

"And don't you forget," she countered, "that he infected the whole school."

Davis Bourque, Wayde Turgeon, Fred Viinikka, Bill Kallio, Ron Joss, Jack Shannon, Ed Sas. MISSING: Victor Johnson, Allan Brown, John Ponto, Garry Kushnier and coach, Mr. Hanley.

SENIOR BASKETBALL

Under the coaching of Mr. Hanley the 62-63 Senior Boys' Basketball team put their heart and soul into the sport. Night after night they could be seen working out new plays in the gym. Their motto; Drive and Stamina. They did not win the championship but they were good sports and true Lions for they exhibited a school and team spirit unequaled anywhere.

Congratulations are in store for Mr. Hanley for producing such a fine group.

Roger Williams, Tony Andreacchi, Ken Rusnak, Garry Norton. Rudy Maki, Jim Symons, Jack Cane. MISSING: Brian Propazanski, Frank Sarako, Mr. Martindale, coach; Garth Stillar, Bob Doucette.

JUNIOR BASKETBALL

Lakeview's junior team began with enthusiasm, high spirits and a yearn to taste victory. They were encouraged by Mr. Martindale our last year's phys'd teacher. The fellows had an exhibition game at Atikokan where they split their games. Though they may have had a rough season the fellows enjoyed themselves and are looking towards "greenfields".

BACK ROW: Joyce Skrabec, Darlene Taylor, Betty English. MIDDLE ROW: Irene Czolij, Lynda Thomas, Lynn Berrington. FRONT ROW: Barbara Thompson, Gwen Backman, Janet Rockwell, Lillian Binette.

JUNIOR BASKETBALL

Our 1963 basketball team was made up of many new members. Terttu Vuorinen did a fine job in training these girls and could be found working them hard in the gymnasium every afternoon. Although the girls won no awards or trophies, there was a great improvement as the season progressed and wonderful enthusiasm was shown. We are all watching for best results in the future, girls!

Jura Mitalas, Pat Smith, Mary Jarvis, Sandy Wilkinson, Bev Dello, Betty Perepeluk, Karen Nielson.

SENIOR BASKETBALL

The girls' senior basketball team had a fine season. Practice started right after Christmas and nine girls were chosen to represent Lakeview against the best of the other schools. After ten games, the girls have won seven and lost three which put them in a tie for first place for the Port Arthur title. To break the tie a special game was played at Teachers' College. As evenly matched as the teams were, Port Arthur Collegiate edged by and got the honour of playing Selkirk for the intercity championship.

CURLING

Last year Lakeview had two excellent curling teams. The coaches were Mr. W.B. Sime and the late Mr. Wm. Pollock. While one team had Maurice Hogue for a skip, the other was headed by Ted Mavor. In Lakeview's first curling competition, Maurice Hogue contested against Ken Cressman and lost. Ted Mavor was also unsuccessful when he competed with Allan Jones. Next Ted Mavor contended with Maurice Hogue and defeated him. This put Maurice out of running. Ted Mavor's third stepped out enabling Maurice to join Ted's team. Lakeview's curling team was then ready to advance to the semi-finals!

The semi-finals were exciting. First our Lakeview team played Ken Cressman, P.A.C.I.'s best team. We were victorious! Cressman in turn played against Allan Jones and was successful.

All finals were held at the Port Arthur Country Club. Ted Mavor's team competed with Cressman's, defeating them with a score of 10 to 5. On the following Friday the Lakeview team left for Geraldton where the North Western School Play-offs were held. Unfortunately they encountered a streak of bad luck due to sickness and laryngitis. However, our team didn't lose all their games, although, early in the series they lost to two other teams by one point. Still this was enough to set the other teams off to a better start. Another contributing factor was that since the temperature in Geraldton was - 60 they played on artificial ice which Ted's team wasn't used to. It was Kenora that won the series without losing a game. When they came to Port Arthur, they played at the Port Arthur Curling Club against teams from Southern Ontario, in the Ontario Play Downs. Though our team did not win, they certainly deserve credit for their effort and enthusiasm!

The curling team would like to express their thanks to the students and Students' Council who helped and supported them. They would also like to thank Mr. Sime for his active interest in the group. Lakeview's curling team put on a fine display and certainly deserves a great deal of praise.

TEN-PIN BOWLING LEAGUE

Captain of the Winning Team

BOWLING

Our two-year-old, Ten Pin Bowling Club, has forty members. Each player of the eight teams must pay a dollar each week. The winners of last year's roll-off were Richard Johns (captain), Alec Cooper, Ricky Antilla, Judy Glover, Judy Brodack and Lorraine Garton. Ed Sas' team was the runner-up. A large trophy donated by Fritos Corn Chips, as well as some smaller trophies were awarded to the winning team. Individual trophies were received for girl's and boy's high average, single, and double. Members of the Murray team were awarded crying towels for finishing last in the roll-off. It has been decided to use the point system instead of the pin systemthis year. The roll-off will be held on the second Wednesday in May.

LAKEVIEW WINS TEN-MILE RELAY

Three Lakehead teams competed for honors in the Port Arthur Jaycees' 10-mile relay road race held early this year. Lakeview won the contest by slicing nine-tenth of a second off the former record with a time of 51 minutes 34 and one-tenth seconds. Members of the team were Mr. Kozyra, Len Chaykowski, Darcy Legros, Dave Hardy, Dave Warnica, Dave Lockhart, Bob Smith, Frank Gelling, Arjan Gelling, and Rodger Williams.

The race included a tour of the city streets as well as a run around Boulevard Lake and ended at the Port Arthur Stadium where the presentation of the City of Port Arthur Trophy took place.

Royal Canadian Legion All-stars were the runners-up and third place went to Fort William Collegiate.

A HUNTING WE SHALL GO!

Ken Fikis G13A

Let's go hunting you say! Well certainly, what better way is there to spend a quiet Sunday afternoon. Grab your old red jacket and we are off to the peaceful land of tall timber. Can't you just smell a fresh, tranquilizing breeze whisping through your nostrils?

Alas, we made our destination. Damages are slight, a bullet through the door, but it is worth it; here we are in the great outdoors. The three of us plod over the underbrush and then into the wilderness. Once into the bush it's touch and go as bullets bounce off rocks and plunge into tree trunks. Ha!!! Ha!!! isn't that comical; there is Bill doing a jig to the tune of gun fire. Whoops, I guess his reflexes were not so good as they used to be. Oh well, we will pick him up on the way back. On with the hunt!

Jack and I, scamper onwards looking here and there for a target. Then we spot something moving in yonder thicket. We yell, but there is no answer. It must be a moose or a deer. Immediately we begin to fire at the animal. After we have run out of ammunition, we scurry over to see what we have bagged. Oh dear, it is a cow. Never mind, it is the farmer's fault for not having C-O-W painted on the poor animal's side. Well the sun is sinking, time to journey home.

Upon arrival at the car, I turn to speak to Jack but he is gone. I wait fifteen minutes and he has still not come back. Fear not, when I reach home I will send a rescue party for him and Bill. I better find some more hunting friends though, just in case they don't find them.

The above narrative is hyperbole I must admit, but the sport of hunting is in a critical stage. Not only are men being fatally injured and severely wounded, but also property is being damaged and destroyed by careless hunters. Farmers do find their prize cow dead, and people do find their vehicles damaged by bullets. Hunting has become a calamity and not a sport. It is too bad that hunters who take every precaution must also be branded because of the careless few.

The government is now making plans which will make hunting less dangerous. One drastic measure, as far as hunters are concerned, is to prohibit hunting on Sundays. This would insure the safety of the fisherman, the family out for a drive or picnic and the people who make a living in the country. Another precaution which is being planned is stricter tests whereby only the most careful hunter could procure a license. The authorities should also stiffen regulations and employ more men to enforce these rules. These are the only ways we may cut down on the tragedy of the forests.

In all fairness to the hunter, I must say, I am being quite critical under the circumstances. For I have never been hunting in my life and am not an authority on the matter. But to be on the safe side I would rather stay away from guns and let others shoot their fellow man.

THE IDEALIST

Morley Mitchell

Bend the iron bar my son, show your will.
Flex your granite arm and grip troubled steel.
Dirt, sweat and dirt, blockade, fight, play to kill.
Dig in my son-give not-hold to your feel.
If you are right, know it-know it! And hold!
A new assault! Brace yourself! Now to kill!
Attack! You are right! Be bold!
Bend the iron bar my son, show your will.

SENIOR LIONS MEET THE REDMEN

1963

Mrs. Westbrook

Is this a football that I see before me The lace towards my hand? Come let me clutch thee. I have thee not, and yet I see thee still. Wilt thou not light? Tho' sensible On a dry day to feeling as to sight, art thou but An hallucination of the mind, a false creation Proceeding from an emotional player's mind? Walter sees thee yet, in form as real As when Ed set it going. Thou pointest the way that I was going And such a play was I supposed to make, Mine eyes deceive my hands Or else they saw aright, I see thee still And on thy surface drops of rain That were not there at practice. There's no ball there! It is Lakeview's spirit which informs Thus to mine eyes. Now o'er the football world Nature seems dead and wicked clouds abuse The curtained fog: Timing mars Bill Boquist's offerings; and wicked weather Alarum'd by his sentinel, the wind, Slows down the kicks; so thus with steady pace The Lions in ravishing strides, towards their design Move like a ghost. Thou not-too-sure and slippery grass, Hear not my cleats which way they skid, for fear "The Redmen" know where I must carry. And take from us the horror of a one point lead Which now we hold. While we threat, we live. We must block or cold breath give. We didn't, and it is done; today invites us To a new affray. Lay on brave Twelve And damn'd be he who first cries "Hold. Enough."

LONELINESS

A STUDENT'S LAMENT

Don Peterson G12A

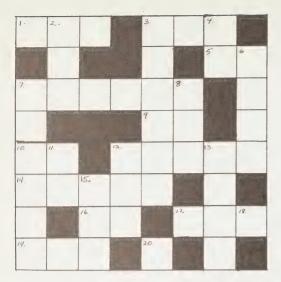

Loneliness is a walk along a beach; The tidal wash breaks softly On the ghostly sand; The moon is full, you are alone.

Loneliness is a man, wrinkled with age; A man with snowy hair and beard, A man with cane in hand, sitting On a park bench; he too is alone.

Loneliness is the prairie at night; A lone coyote serenades The moon, and sends a shiver Up your spine; you both are alone. Marie Hughes G12A

Now I lay me down to sleep
A pile of homework at my feet,
If I should die before I wake
I have these last requests to make.
Lay my French book on my chest
Tell Mr. Shapiro I did my best,
Put my geometry in my hand
Tell Mr. Blazino I don't understand,
Place my science at my feet
Tell Mr. Gehrels it's got me beat,
Lay my history by my side
Tell Mr. Listmayer I really tried,
Lay my Latin by my head
Tell Miss Hurley I'm glad I'm dead.

The human brain is a wonderful thing. It starts right in working the minute you wake up and never stops until you're called on in class.

IN CHURCH

Jean Jordan G12A

Picture a hallowed church on Christmas Eve, just before Midnight Mass. The candles on the altar, repeating themselves on the multi-coloured stained glass windows, shed a shimmering light in the sanctified chancel. The sweet smell of pine boughs blends with the pungent odour of incense to transport one back through the colourful past to Constantinople and Antioch. As the golden-tongued organ softly plays Christmas hymns, notice the varied faces of the assembling congregation. Silent, solemn, serene and sometimes sad, the people remember in prayer other Christmases, loved ones far away or departed this life. Hands fingering well worn pages of a prayer book-long since committed to memory and comforting in its contents-are calmed. The organ now peals forth - Adeste Fideles - and the faithful arise as one. Christ has been born again!

MIRACLE OF MORNING

Julie Litwintschik F9F

The morning burst
Like a ball of flame,
And ev'ry flow'r, e'en those with no name,
Tried to open its petals to the sunlight first
And sink its roots through the earth to quench its thirst.

The brook splashed on
In a mirthful glee,
Disturbing silence and serenity.
Its gay giggling and gurgling entranced a fawn
Then some dry leaves rustled and the deer was gone.

The meadows sent A warm smile with ease, As they billowed and bowed before the breeze; Thus when from toil one's soul is worn and spent From nature's placid solitude a cure is lent.

THE VISITOR

Sandra Anderson

The night was dark, death was the moonless sky;
The Banshee wailed, her moan forewarning grief.
The Horror of the Shades was summoned by,
Without the soul he vowed he would not leave.
The Banshee wailed again; "I will not go."
I shall not die so young, I want to live.
A few more years of life I beg you give!
A hand was laid upon his fevered brow,
And cool sweet tears put out the fire there.
A voice caressed him softly, sweet and low;
His mother's fingers smoothed his soft dark hair.
The Banshee, stilled forever, wailed no more;
And Death departed to another door.

Owen Trist

There was a small athlete named "Rocky" Who played neither football or hockey; But he made lots of loot, Wearing a high leather boot; You see - this man was a jockey.

HER LAST CHRISTMAS

Doug Elsey

Her eyes were like glass as she looked into the store window. The little girl with tattered clothes pressed her nose against the window pane as she watched the other children in the store picking out toys. How she wished that she could do the same thing. But she knew that this was to be her last Christmas. She thought back to a week ago when the doctor had told her mother that the little girl was slowly dying of the strange disease that had plagued her ancestors before her. She had never known a real Christmas because her family was too poor. A cold wind blew against her and froze a tiny tear that flowed down her thin cheeks. Then just as she had come, she turned away from the window and slowly trudged through the deep snow into the winter darkness.

SELECT-ED

Tonu Nurmela

There once was a son of a mortician To be a criminal was his ambition, He lied, he cheated, he stole, At last he achieved his goal, Now he is a politician. When a boy of eight, or so,
To a private school I go;
Select-ed, well select-ed.
Once the teacher turned his back
On his chair I placed a tack,
Select-ed, well select-ed.
Said the teacher "We'll have
adjectives this morning.
Let's get to the point." He reflected.
He sat down with much feeling
And rebounded to the ceiling,
And the adjectives he gave us
were select-ed!

ENGLISH TEACHER'S NIGHTMARE A TRIP TO THE SUN

One summer day Mr. and Mrs. Freek were talking about a trip to the sun. "Shall we go by measle or shipspace?" exclaimed Mrs. Freek. "I think we should go by measle." exclaimed Mr. Freek. After two feet of Snow they went to the airport and goton the measle. In the measle they went past Venus and Mercury. About fifteen minutes later something screamed "Help!" I'm burning. Turn this thing around! A minute later the pilot said, "Why? You said we were going to the sun so I got a measle that never goes back. We can only get back by parachute. When they had their parachute on and were ready to jump the lady screamed, "Do we have to jump way down there?" "Yes", exclaimed the pilot. They went down and they were very safe but they never left earth again.

Maureen Hodgins G12A

This year, as in the past fourteen, the Port Arthur Odd Fellows and Rebeccas sent a delegate on tour to the United Nations Building in New York City. I was picked as this delegate through a speech contest, and on July first, I started on the trip.

It took us ten days to get to New York, and during this period we spent some time seeing such places as Gettysburg, Valley Forge, Fort McHenry, Independence Hall, White House, the F.B.I., and the Voice of America, saw the Lincoln and Jefferson memorials, Mount Vernon, and a fourth of July fireworks display from the base of the Washington Monument.

Most of our six days in New York were spent at the United Nations but we also had time for other things. While I was there, I went shopping in such stores as Macy's and Gimbles, saw a Broadway show and the Coffee houses in Greenwich Village, and went to see the Rockettes at Radio City Music Hall. On the trip home, we spent some time in Canada at Niagara Falls.

Next summer another delegate will be sent on a tour such as this, and I hope that that person has as wonderful a time as I had.

LAKE COUCHICHING

Jura Mitalas G12A

From July second to the sixteenth I was Lakeview's representative at Lake Couchiching. Charlie Morton was the boys' representative in August. There were 192 girls at the camp with twelve girls in each cabin. Our days went from 7:15 to 10:30 P.M. During this time every minute was filled.

The sports offered at the camp were volleyball, basketball, gym, swimming, golf, tennis, track, archery, badminton and folk dancing. Of these I took the first six. In each period lasting an hour, we were not only given instruction in the sport, but also had to teach it.

The purpose of the course, besides teaching us new skills and proficiency in already familiar sports was "leadership planning". For three hours every day we had classes in leadership planning. This involved learning how to plan activities, set up tournaments, conduct meetings and plan entertainment, and carry it out. After each event we evaluated our work.

This experience has proven invaluable to me, and I am able to put my newly attained skills to use, by aiding the Physical Education department by teaching classes when necessary.

KIN - HI CAMP

Jean Jordan G12A

Learning is fun! I found this to be so true this summer when I attended the Kinsmen Leadership Course at Quetico Training Centre where for twelve days in July the seventeen of us, eleven boys and six girls, experienced some of the most interesting and educational times of our lives.

From the first day we were given the run of the camp. We made all the rules governing camp life and all but the fraternization rule was acceptable.

For six hours every day we had sessions in parliamentary proceedure, programme planning, problem solving and public speaking. In our sessions we had films and loads of literature but most of our learning came from discussion and participation. We planned all our activities. After participating in them we evaluated the results. Some of these events were an all day canoe trip around Lake Eva; a Sports Day and a Saturday night Party, The public speaking consisted primarily of exercises both for the body and voice to enable us to become better speakers. We were given canoe and swimming lessons for three hours every day to keep us in shape and the rest of the time we could do as we wished.

It seems amazing that in twelve days I could have learned as much as I did.
